

THE WALK 2019

LAP COUNTING

“When a gifted team dedicates itself to unselfish trust in each other and combines determination with effort, it will achieve success”

- Author Unknown

What better way to combine trust (that your team members will be there at their designated time), determination as a team (to get the most laps walked), and success knowing you did it together!

Lap counting is not mandatory, but we strongly encourage you to make it part of your team activities this year. It's one day.... not overnight. It's a great way to get commitment and participation from everyone on your team. Encourage your team members to dedicate their efforts to their, or your team's special cause so they feel satisfaction, hope and healing knowing they were part of something truly remarkable.

Each team is responsible for counting their own laps. Additional record sheets will be available in the accounting office at the event if you need them. We know this isn't about the prizes for you, it's about reconnecting with the ones you love. You've told us that many times.

We will recognize the male and female with the most laps. The team with the highest average number of laps/member will also receive recognition for their achievement. Sheets must be turned into the information booth no later than 9:00 pm on Saturday, July 20th, 2019.

Team Name: _____

Team Captain: _____

Male with the most laps: _____

Female with the most laps: _____

Total number of laps by the team (A): _____

Number of team members (B): _____

Average Laps/Member (A divided by B): _____
